

MBW AIRAMMER

SALE PRICE

\$3,985

The **Airammer**® is a pneumatically powered rammer. It eliminates a long list of engine related problems. There are no fuel or fuel mixing issues, no carburetor, no spark plug, no rewind starter, no flooding problems, no air or fuel filters that can be plugged, no rpm issues, all of which affect performance.

The Airammer also offers the following advantages:

- No need to handle flammable gas or oil
- Lower maintenance cost \$\$
- Motor is closer to the gearbox for better balance
- No exhaust fumes, safe for indoor use
- Easier to run and maneuver
- Can be transported or stored in any position
- No frustration of trying to start an engine
- No stopping to refuel
- Less time spent on pre-run check over, i.e. check oil, clean air filter, fuel up, etc.
- Less down time for routine maintenance

Valid thru August 2009
